CLASS RANK

WCHS does not rank students. Many private universities are admitting that they do not rank students and prefer to lean on a more holistic approach in evaluating students' applications. Moreover, due to our small class sizes, we believe ranking is an ineffective and inaccurate statistic for students.

NAVIANCE

WCHS uses ALL components of Naviance! This valuable resource is a comprehensive college and career readiness solution for high school students that helps connect academic achievement to post-secondary goals. WCHS also uses Naviance to electronically send records to universities.
